Request for Expressions Interest

In Framework of the "Greece – Albania IPA Cross-Border Programme" has been approved by the European Commission Decision No. E(2008) 4708 on 5/9/2008, Albania and Greece will develop the project Greece / Albania Energy Tourism (GALET) focus on "Energy & Environmental Friendly Tourism - Planning & Demonstrative Actions"

The main objective of the GALET project is the incorporation of a green component in tourism in the trans-boundary area of Greece – Albania, and the creation of a "new green Greece – Albania touristic path". For this purpose attraction points (acting as nodes of the path) will be created through demonstrative application of environmental friendly technologies in three cities Vlora, Gjirokastra and Korca.

Specific targets of external expertize include, Preparation of communication and information plan of the municipalities Vlora, Gjirokastra and Korca as follows:

- Report of target local communities about the positive impact that the project might have on local development;
- Prepare the materials of the project (flyer, Brochure, leaflet, Block note, business card, envelope, poster and Dissemination video of the project.
- Organization of a workshop Korca.

The Interested External experts are invited to present in support of the implementation package WP2:
1) a request for expressions of interest , 2) CV and 3) experience in working on similar projects to the Directory of Integration and Projects of the Ministry of Energy and Industry , within dated 1 March 2017 at the address below.
